DX-News

=====

+ D4, CAPE VERDE (Update/Satellite Op). Harald, DF2WO, will once again be active as D44TWO from Praia, Santiago Island (AF-005), between September 29th and October 13th. Activity will be holiday style on 160-10 meters using CW, SSB and mostly the Digital modes. (FT8, PSK31, JT65 and RTTY) and slow CW.

Harald has been working hard in the last few months getting his satellite station for QO-100 working and is now confident he will use it from Cabo Verde. He will be using an Icom 7300, 2 Transverters with 3 watts output on EsHail using the QO-100 Geostationary Satellite. He will also have a FT-450D into a homemade HEX BEAM and a dipole for 40 meters. Please DO NOT send your card via the Bureau it WILL NOT be received - To receive a bureau card you MUST request via M00XO OQRS ONLY! (Via Ohio/Penn DX Bulletin #1428)
