QARMAN and Phoenix CubeSats Deployed from ISS
==========
The von Karman Institute in Belgium (VKI) reports the successful de-
ployment of the QARMAN satellite from the International Space Station
on Wednesday, 19 February. QARMAN is one of several cubesats that were

scheduled for deployment this week.

Operators of these satellites are actively seeking observations from
amateurs. Please report to:
https://community.libre.space/c/satellites-observations

The following CubeSats carrying Amateur Radio were also deployed from ISS on 02-19-2020 and TLE identification is pending.
